WORKSHOP SCHEDULE, update 2

All participants will be divided into three larger groups (~25/group) who will rotate in workshops Friday, Saturday and Sunday. A variety of workshops will be arranged within the framework of a:

- Basecamp Day (Workshops conducted by SÖS, JVB & Morakniv)
- Hiking Day (Workshops conducted by ÖFH & JOS)
- Canoeing Day (Workshops conducted by BD)

You will have lunch and other needed things with you during the full day, carried in your "Goodie-Bag" that will be received at check in, Thursday 12th of June 😊

WORKSHOP SCHEDULE, update 2

- Basecamp Day conducted by SÖS, JVB & Morakniv

Workshop with Saly Vestman & Mikael Åkerman (SÖS):

You'll be given a presentation of the Swedish Survival Guild, its history and main activities for the coming future. They will also have a workshop on the topic Shelter- How to prepare for a good nights sleep

Workshop with Jonas Landolsi (JVB):

A forest walk in near surroundings of Basecamp Jonas tells you about Swedish forestry's history! Connected to this is of course also the history of Swedish wildlife management. The woods and wildlife are connected and constantly changing. And challenges like forest overgrazing, African Swine Fever, Spruce bark beetles and wildfires are today parts of the modern Swedish multiple-use forestry, affecting us all working in the woods, one way or the other. The forest is so important to us in so many ways. Nature Guides and Instructors play important roles in educating people about the development of our woodlands in a creative and inspiring way.

Workshop with Mikael Helgesson (Morakniv):

Here you'll get a serious approach to "How to care for your knife" by Micke, head of product development @Morakniv.

WORKSHOP SCHEDULE

- Hiking Day conducted by ÖFH & JOS

A 6 hour day where you will listen to and practice with Tobias and Johan.
You will also have the chance to walk & talk with each other, sharing experiences in between the workshop stations!

Workshop with Tobias Markusson (ÖFH):

Tobias will talk about conceptual abstract thinking, how it relates to proven science and how the impact of philosophy, being the studies of fundamental conditions for existence, knowledge and morality in nature. A couple of simple practical exercises will also be included in these two workshops!

Workshop with Johan Skullman (JOS):

Main focus will be given to Navigation and its actual content being one of our three most necessary & useful skills, aligned with Qualified 1.aid & Fire Making (including the Cutting Edge) 🕒🔥. Some simple exercises will be practiced like The Swedish Compass a.o.

WORKSHOP SCHEDULE

Canoeing Day conducted by TEAM BUSHCRAFT DANMARK

Workshops with Jesper Hede, Jens Nybro, Johnny Juhl, Trine Høiberg, Janne Hvolby, Louise Dånge:

A full day on the lake, going by canoe to a place where you will listen to a Nordic culture history talk about the importance of fire and containers for humankind, referring to sami culture, stone age skill! You will also have two practical workshops, learning by making:

- friction fire with different local materials, from ember to flame, tinder material etc.
- birchbark containers, harvest techniques, working with the bark and different container designs

Brands attending the Global Bushcraft Symposium 2025, update 2

At the symposium you will meet famous brands and be able to get a deeper insight in what they stand for, there history & product development etc.

They will also offer a chance to practical skills training with there products at there booth camp. Thru small workshops. There may be one or more small competitions taking place also, so come prepared 🤪.

There will be a opportunity to buy a selected range of products at The Symposium Shop (at the Big Barn) to a fare price. A few brands will sell art there Booth!

Please note: You can pay with both cash (Euro or SEK) and card in the shop! Cash is to be preferred at the brand booth!
